Lexmark CX963se

Lexmark CX963se is a high-speed, multi-function color printer. It features a 55 ppm print speed and a 25-page capacity. The device is designed for high-volume, fast printing in professional and business environments.

Print Speed: 55 ppm

The Lexmark CX963se offers a standard print speed of 55 pages per minute (ppm) for color printing. This ensures that your documents are printed quickly and efficiently, reducing wait times and increasing productivity.

For color calibration, the printer supports PANTONE® color management. This allows you to print consistent, vibrant colors that match your original design, ensuring professional-quality results every time.

The Lexmark CX963se is a robust, reliable printer designed for high-volume printing. It features a durable construction and advanced print engines that can handle large print runs with ease.

With a 100-page capacity, the Lexmark CX963se provides ample space for your documents. This is ideal for businesses that handle a large volume of print jobs, ensuring that you never run out of space when it's time to print.

The Lexmark CX963se is a modern, multi-function printer that supports various connectivity options, including IoT. This allows you to integrate the printer into your existing IT infrastructure for seamless operation.

Print Capacity: 25 pages

The Lexmark CX963se has a standard print capacity of 25 pages. This allows you to print multiple copies of your documents without needing to reload the paper tray frequently.

The Lexmark CX963se is designed for high-volume printing, ensuring that you can keep up with your workflow. Its fast print speed and large capacity make it an essential tool for any busy office.

The Lexmark CX963se is a high-quality, reliable printer that meets all your printing needs. Its advanced features and robust construction make it a top choice for businesses looking for a fast and efficient printing solution.

The Lexmark CX963se is a modern, multi-function printer that offers a wide range of printing options. Its fast print speed and large capacity make it an ideal choice for high-volume printing environments.

The Lexmark CX963se is a high-quality, reliable printer that supports various connectivity options, including Lexmark's proprietary network solutions. This ensures that you can integrate the printer into your existing IT infrastructure for seamless operation.

Connectivity: Lexmark

The Lexmark CX963se offers a variety of connectivity options, including Lexmark's proprietary network solutions. This allows you to integrate the printer into your existing IT infrastructure for seamless operation.

The Lexmark CX963se is a high-quality, reliable printer that supports various connectivity options, including Lexmark's proprietary network solutions. This ensures that you can integrate the printer into your existing IT infrastructure for seamless operation.

The Lexmark CX963se is a modern, multi-function printer that offers a wide range of printing options. Its fast print speed and large capacity make it an ideal choice for high-volume printing environments.

The Lexmark CX963se is a high-quality, reliable printer that meets all your printing needs. Its advanced features and robust construction make it a top choice for businesses looking for a fast and efficient printing solution.
